

2 Simples Pasos Parar Actualizar Tu Correo Electrónico

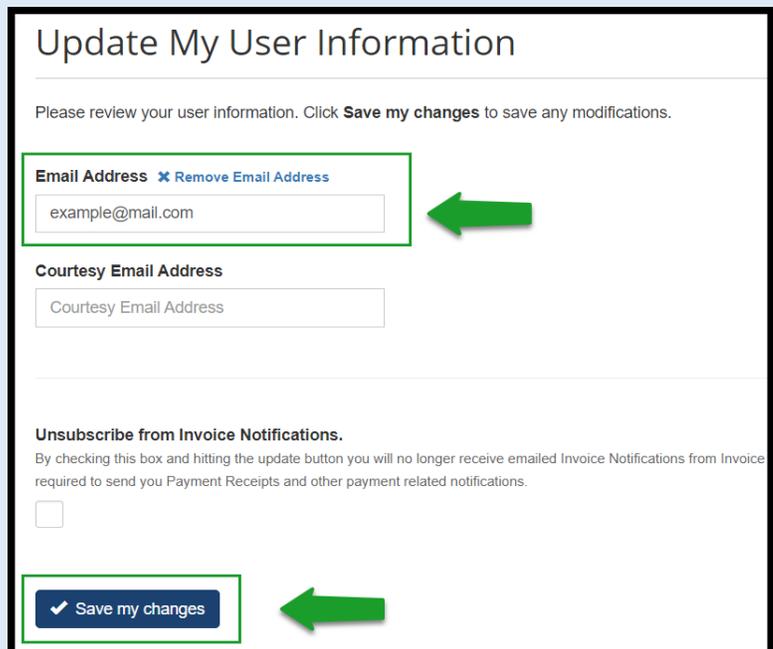

1

Desde la pagina principal elige la opción “My Profile” y selecciona “Update My User Info”.

2

Ingresa tu nuevo correo electrónico desde “Email Address” y selecciona “Save my changes” para finalizar lo. También puedes agregar un correo adicional en “Courtesy Email Address”.

A screenshot of the 'Update My User Information' form. The form has a title 'Update My User Information' and a sub-header 'Please review your user information. Click Save my changes to save any modifications.' Below this, there are three main sections: 1. 'Email Address' with a text input field containing 'example@mail.com' and a 'Remove Email Address' link. 2. 'Courtesy Email Address' with a text input field. 3. 'Unsubscribe from Invoice Notifications.' with a checkbox and a paragraph of text. At the bottom of the form, there is a 'Save my changes' button with a checkmark icon. The 'Email Address' field and the 'Save my changes' button are both highlighted with green boxes and green arrows pointing to them from the right.
